

II MONUMENTAL SCULPTURE SIMPOSIUM

MARCAL, Calatorao's marble association, organizes the public and monumental sculpture Symposium in order to improve the sculptural and artistic development of Calatorao's Stone museum, property of Calatorao's local government.

MARCAL, integrated both by the the varied quarrying enterprises from Calatorao (Pymcasa, CIM y Ania) and the town hall, would like to promote a public monumental sculpture contest in the aim of promoting our popular local marble, as well as with the objective of improving artistic and cultural development in this area.

ORGANIZER INSTITUTION:

Marble Association Marble from Calatorao, located in Calatorao, is the organizer institution.

OBJECTIVE:

Symposium's aim is to create Calatorao's stone sculptures. The stone will be provided by the organizer institution. Works must be unpublished and originals and they will be located in outdoors museum 'Calatorao's stone'.

Working period from 24th to 29th September 2018.

The contest will be based on the following statements:

1. PARTICIPANTS

- 1.1. Any artist from Spain and all over the world can take part in this contest, no matter where they come from.
- 1.2. Works will be realized by individuals.
2. 1.3. Each artist will be able to work just on one piece of stone. Therefore, it is just allowed to present one sculpture to the contest.
3. 1.4. The topic for the works is free.

2. ECONOMIC AID FOR PARTICIPANTS:

2.1. The sculptors that will be selected to participate in this contest, will get a 600 euros economic aid.

2.2. Artists must take into account that this fund includes the following concepts: idea, design, photographs, the work creation and property rights. The organization will pay for the sculptors' stay and food during the symposium (from the 24th to 30th September). The organizer will also provide the sculptors the means of transport from Zaragoza to Calatorao the 23th to 30th of September

2.3 All the prices will have to pay the taxes according to Spanish law.

3. TECHNICAL REQUIREMENTS

3.1 Projects must be original and unpublished, not selected nor awarded in any other contest or competition, and they cannot be a total or a partial copy of others already built or in process.

3.2 The topic is free, up to the author.

3.3 Authors can use any technique for the design and the creation of the work that they consider more useful in order to achieve their expressive goal.

3.4 Calatorao's stone will be the material used for creating the sculpture. The organizer institution will donate to the sculptors, at the work place, a piece of stone from 0,50 m³ and not more of 1,5 meters length.

Additionally, it is allowed to use two other elements, apart from Calatorao's stone, such as strings. Anyway, those elements must be a secondary part from the sculpture.

3.5 The organizer institution will provide the selected participants with a civil responsibility and accidents assurance.

3.6 Sculptors will have light connection and machines, but they must bring the other tools they might need. Each day, the organizers will help the authors to move the piece of stone if necessary.

3.7 Sculptors willing to participate must follow all the security rules and EPIS such as, security shoes, gloves, glasses and face mask at least.

4. DOCUMENTS

4.1 Each participant can fill in the application form on the Internet.

4.2 Completed application forms must be sent to the mail address asociacionmarcal@gmail.com until the following 7th of July 2018.

4.3 Attached with the application form, participants must send their artistic CV, as well as pictures of the design (elevation, profile and plant) they are willing to create at the symposium and five other photographs from other marble or stone works, describing material and measures in order to discover their experience.

Application forms can be filled in both in Spanish and English.

4.5 At the end of the applying period, the Jury will choose the participants in 15 days. Its decision will be irrevocable.

4.6 The Jury will choose 6 sculptors at maximum to participate in the symposium.

5. WORKS PRODUCTION

5.1 Works creation.

Simposium works will be created from the 24th to the 29th of september

At the beginning of the simposium, the sculptors will have to be presented at Calatorao's townhall the 24th of September at 8.00, in order to take their credentials and to choose stone pieces.

Works will be developed at the different quarries of the village, at specific areas. They will also have to work at a public square.

Works will have to built between 8.30 and 19.30 or 20.30, depending on the artists needs.

In order to publicize the work to the public, all work will be developed in the public square, so that the selected sculptors, should inform the organization of the exact measurements of the stone block they want, in order to provide the material as precisely as possible to the desired volume.

5.2. The blocks will be adapted to each of the proposals of the six sculptors. Each Quarry will provide two blocks of stone appropriate to the proposals of the sculptors.

If the artist wants to include any other additional material, he/she will have to provide it.

Artists will have to bring their own tools.

5.3 Deadline

Artists will have to hand in their works to the organizer institution the 29th September at 20h

The organizer institution will bring them to the place specified for it and they will be shown to the audience (30th september)

5.4 Sculptures will be carried to Calatorao's Stone Museum.

6. JURY

6.1 The Jury will be formed the 30th September 2018 at 10.30.

6.2 Components:
